CALL FOR PAPERS

New to Taylor & Francis for 2008

Journal of

Building Performance Simulation

Official journal of the International Building Performance Simulation Association (IBPSA)

EDITORS:

Ian Beausoleil-Morrison, Carleton University, Canada

Jan Hensen, Eindhoven University of Technology, The Netherlands

Taylor & Francis would like to invite you to submit your article to *Journal of Building Performance Simulation*

The *Journal of Building Performance Simulation (JBPS)* is the official journal of the International Building Performance Simulation Association (IBPSA). IBPSA is a non-profit international society of computational building performance simulation researchers, developers, practitioners and users, dedicated to improving the design, construction, operation and maintenance of new and existing buildings worldwide.

The *JBPS* is an international refereed journal, publishing only articles of the highest quality that are original, cutting-edge, well-researched and of significance to the international community. The journal also publishes original review papers and researched case studies of international significance.

The wide scope of *JBPS* embraces research, technology and tool development related to building performance modelling and simulation, as well as their applications to design, operation and management of the built environment. This includes modelling and simulation aspects of building performance in relation to other research areas such as building physics, environmental engineering, mechanical engineering, control engineering, facility management, architecture, ergonomics, psychology, physiology, computational engineering, information technology and education. The scope of topics includes the following:

- Theoretical aspects of building performance modelling and simulation.
- Methodology and application of building performance simulation for any stage of design, construction, commissioning, operation or management of buildings and the systems which service them.
- Uncertainty, sensitivity analysis, calibration, and optimization.
- Methods and algorithms for performance optimization of building and the systems which service them.
- Methods and algorithms for software design, validation, verification and solution methods.

Submissions

Manuscripts will be considered on the condition that they have been submitted only to *Journal of Building Performance Simulation*, that they have not been published already, and that they are not under consideration for publication or in press elsewhere. All submissions should be in English. Papers for submission should be sent to the Editors at j.hensen@tue.nl. For full submission details, please see the journal's homepage www.informaworld.com/jbps and click on the "Instructions for Authors" tab.

To register to receive an alert when the first issue is published, please visit:

Volume 1, 2008, 4 issues per year

Print ISSN 1940-1493 Online ISSN 1940-1507

Institutional Rate (print and online access)	US\$468	£240	€374
Institutional Rate (online only)	US\$444	£228	€355
Personal Rate (print only)	US\$156	£80	€125
IBPSA member subscription (print only)	US\$49	£25	€39

TAYLOR & FRANCIS GROUP ONLINE SERVICES

Alerting services from informaworld™

To receive the table of contents for *Journal of Building Performance Simulation* visit the Journal homepage at www.informaworld.com/jbps

To sign up for other table of contents, new publication and citation alerting services from informaworld™ visit: www.informaworld.com/alerting

Online Access

Online access is included with a print institutional subscription to the Journal or alternatively is available as an online only option. For further information connect to: www.informaworld.com/jbps

Online Sample Copies

A fully searchable sample copy of this journal will soon be available at www.informaworld.com/jbps

informaworld™ Librarians' Area

Visit our web resource for Librarians and Information Professionals at: www.informaworld.com/librarians

eUpdates

Register your email address at www.informaworld.com/eupdates

to receive information on books, journals and other news within your areas of interest.
